

Continued Commitment to Safety & Protection

Keeping clients and employees safe from germs and viruses has always been a high priority at Stonebriar Spa. The Spa's sanitation, capacity limits, cleanliness, and prevention protocols limit the spread of germs and viruses, including COVID-19.

What's new

- Employee requirements
 - PPE face shields and/or masks
 - sanitation training certification
 - daily temperature reading
- Hand sanitizer stations installed throughout the Spa
- No robe and limited blanket service
- Contactless check in/out procedures available
- Low contact beverage service area
 - Single serve snacks
 - Single cup dispenser
- Enhanced sanitation procedures for high contact areas between every service
- Maximum number of four nail techs working to socially distant clients
- Plastic floor and table shield separating technician and client during pedicures and manicures
- Plastic table signs at front desk
- Social distance floor signs to remind clients to stay apart
- Client masks appreciated but not required
- Professional electrostatic disinfectant spray misting throughout the Spa 2x/year

What we have always done

- Thoroughly wash hands before and after each service
- Sanitize metal tools using hospital grade approved products and/or autoclave machine and/or UV sterilizers
- Utilize disposable items whenever possible
- Change sheets between clients – no sheet layering allowed
- Touchless trash cans, faucets and soap dispensers
- Services provided by licensed, highly-experienced professionals - eighteen therapists with a combined 281 years of experience
